ART on the Rail Trail (ART) was formed in 2017 with a mission to support and improve the Albany County Helderberg-Hudson Rail Trail through the installation of art along the trail. To date, the committee has placed five murals and a multi-piece installation along the trail and hosted four community chalk art events.

Art on the Rail Trail believes that public art is a transformative vehicle for uniting diverse individuals and outlooks from throughout the Albany-Helderberg region. ART strongly welcomes participation from creative voices representing diverse backgrounds and embraces projects that celebrate community building through inclusive approaches. ART does not discriminate based on factors of race, age, color, ethnicity, gender, sexual orientation, gender identity, gender expression, religion, national origin, migratory status, disabilities/abilities, political affiliation, veteran status, and/or socioeconomic background.

We love art and we love the Rail Trail and we hope you do too!
